

Dominik Skrobala, LLM

Partner

Dominik Skrobala advises domestic as well as foreign companies on domestic and international insurance cases, including insurance regulatory matters, such as licensing of (re)insurance companies and dealings with the Swiss Financial Market Supervisory Authority FINMA, restructuring of (re)insurance groups, advice on the admissibility of cross-border business, practical advice on the conduct of day-to-day business, changes to business plans, portfolio transfers, run-offs and the release from supervision. His practice also focuses on defending clients against D&O, Cyber, EPL, E&O and PI claims.

Dominik speaks German, English, French, Polish and Russian.

Recent representative matters include advising of:

- A large US-based insurance corporation on the restructuring of its worldwide corporate structure, incl. the licensing of a new Swiss branch and portfolio transfers as a result of a cross-border merger.
- International health insurers on the introduction of International Private Medical Insurance for corporates and individuals to the Swiss market.
- A large French-based insurance group of companies on the restructuring of its European operations, incl. the licensing of a new Swiss entity, subsequent portfolio transfers, design of internationally compliant insurance solutions and the release of licensed companies from supervision.
- A large Swiss based reinsurance company on mass lapse solutions, international Life/CI programs, market-dependent dynamic premiums and retrocession strategies incl. assessment of admissibility of non-insurance business.
- A German-based insurer on the implementation of an exit strategy and authorization of the corresponding run-off plan.
- COVID-19 related claims and regulatory advice for direct insurers and reinsurers.
- Multiple high-profile D&O and Cyber claims matters.
