

## "New Challenges From The Online Environment In Insurance"

**Subtopics: Smart contracts, distance contracting, peer-to-peer insurance**

**Webinar 10 November 2020 session 16-18 CET**

*The current pandemic situation has increased the existing shift towards the online distribution of insurance products. In this session of our webinar series, we shall discuss legal problems in new contexts for human-to-human interactions as well as new forms of human-to-machine, machine-to-human interactions.*

Chairs Sara Landini (Unifi), Kyriaki Nousia (Uni Exeter), Andrea Signorino (Uni Montevideo), Margarida Lima Rego (Uni NOVA Lisbon)

The law applicable to online insurance contracts  
Caroline Van Schoubroeck (KU Leuven)

Insurance contracts: online or paper, same difference?  
Caroline Bell (Convex Insurance, London)

Smart contracts: legal nature of the code and other legal challenges  
Rhea Specogna (Uni Zurich)

Peer-to-peer insurance: new contractual structures  
Margarida Lima Rego (Uni NOVA Lisbon)
