

12th AIDA EUROPE CONFERENCE

11 – 12 June 2026 | Rotterdam The Netherlands

Insurance Law: Barrier or Enabler for Innovation, Investment and Global Well-Being?

Conference Venue
Haven Hotel Rotterdam, Curio Collection by Hilton,
Leuvehaven 77, 3011 EA, Rotterdam

More than ever in recent years, insurance is becoming rapidly entangled in geopolitical change and the moderation of the worldwide landscape as was known for very long. Demographic models are differently evolving in various parts of the world and disrupt risk models, and so does climate change. New generations emerge as insurance customers, with different and alternatively expressed insurance demands and needs impacting both the content of insurance and the communication trends. The discrepant competence of market participants to make use and avail of technological tools requalifies their position in the market. How do regulators react to these changes? How are insurers and other market players positioning themselves?

The evolving insurance product types, the borderlines of insurance distribution in the various distribution channels, the increasingly preventive role of insurance, the impact of AI in litigation and the expanding litigation financing models, the extent to which D&O policies cover the growing demands on executives, the legal aspects of parametric insurance, insurance and turmoil zones: all these and more hot aspects will be

discussed by the most relevant panelists and await your participation and input through the two days of the AIDA Europe Conference 2026.

And this along with the always appreciated gift of spending time with active participants in the insurance evolution, and enjoying exchanges with peers in Rotterdam, a bustling port intrinsically connected with insurance through history.

AIDA Europe

AIDA Europe was established in 2007 as a non-profit organization with the aim of promoting, either directly or through its members, the development of insurance and related laws. It attempts to achieve this mainly through:

- furthering the study and knowledge of international and national insurance law and of related matters;
- proposing measures aiming at the harmonization of insurance law or the means for resolution of insurance disputes;
- facilitating exchange of academic knowhow between its Members or any other European organization dealing with insurance related matters, similar to those of AIDA Europe;
- supporting academic work in the field of insurance, e.g. through cooperation with universities or the sponsoring of academic research and papers.

AIDA Europe organizes conferences focus on the European jurisdictions, offering all interested stakeholders a platform for an open and solution minded scientific and practice related dialogue on key developments in the area of insurance, reinsurance and related law, while also supporting its members in their respective endeavours. Conferences are open to all stakeholders attracting representatives from all areas such as the insurance sector, academia, private practice, regulatory authorities or legislators. AIDA Europe also maintains a keen focus on supporting the development of young academic talents by sponsoring academic work and by inviting young academics to its conferences.

CONFERENCE VENUE
Haven Hotel Rotterdam, Curio Collection by Hilton,
Leuvehaven 77, 3011 EA, Rotterdam

ACCOMMODATION Hotels *(to be booked individually by delegates)*

The conference venue is in the center of Rotterdam right at the foot of the Erasmus bridge. Within a 10 to 20 minutes' walk you will find most of the hotels. Rotterdam offers a broad range of hotels in every category. Below is an exemplary selection of 5-, 4- and 3-star hotels located in the city center, all either within walking distance or with an efficient connection to the venue with public transport. Naturally, many other hotels can also be recommended; Rotterdam has a range of comfortable boutique hotels as well.

In addition to hotels, Rotterdam has an extensive choice of serviced apartments and short-stay options, bookable through platforms such as Airbnb, Booking.com and similar providers.

Rotterdam is a safe, modern and well-connected city. Public transport, which includes metro, tram, bus and even water taxis, is efficient and easy to use. Taxis are widely available, and ride-hailing services like Uber and Bolt operate, throughout the city. It is rarely necessary to pre-book a taxi unless you are in a quieter residential area. Furthermore, Rotterdam has many shared scooter and electric bike rentals available.
